The CHTM Annual Holiday Potluck was held on Friday, December 6th, and it was a blast! A lot of CHTM faculty, staff, and students were in attendance but for the first time in the Potluck’s history, it was opened to visitors outside of CHTM.

The guest attendants this year included folks from Electrical and Computer Engineering (ECE), Purchasing, Contracts and Grants, Center for Bio Engineering, School of Engineering, Grant Accounting, Center for Micro-Engineering Materials, University Services, STC.UNM, as well as SKInfrared! Needless to say, this was an overwhelming turn-out. The food was plentiful (and delicious!).
Thanks to students, Brianna Klein, Sadhvikas Addamane (Happy), Ted Schuler-Sandy, Clark Kadlec, and others for helping decorate the front office. Brianna, Happy, and Ted decorated room 101 entirely on their own!

This year also marked a new first: CHTM held an “Ugly Christmas Sweater” contest open to all who wanted to participate.

They were all great, but our winners were: First place- Jessica Wawrzyniec, Second place- Sadhvikas Addamane, and Third place- Lilian Acosta. The contest was a lot of fun and hopefully it will continue for years to come!

The Potluck could not have been any better! CHTM wishes everyone a safe and Happy Holiday Season!
